

## DRYWALL REVEALS

**PRODUCT ID: DR**

Compare to: DRM, SWR

**DESCRIPTION:** Industry standard Drywall Reveal with tapered nail flanges. The DR trim can be installed both vertically and horizontally to create a dramatic look on interior walls. The tapered nailing flanges allow for applying tape and joint compound to create a clean finished edge. Brand X Metals' drywall trims have a Design Advantage with our exclusive Breakaway Flanges. Designed to allow installers to quickly (10 seconds) remove a nailing flanged to create a smooth transition intersection using standard hand tools.

**MATERIAL:** Aluminum Alloy 6063 T5 **THICKNESS:** Nominal .050 **ASTM:** B 221

**LENGTH:** Standard: 10 ft.

**FINISH:** Standard - Clear Anodized; Architectural 200R1 Medium. Etch AAM32C10A21  
Also available: Mill Finish for field painting and custom anodized colors & Kynar® paint.

**OPTIONS:** **Venting** - All channel screeds from ½" width to 4" are available with venting.

**Radius** – Channel screeds can be curved to meet your required specifications.

**One Piece Grids** – Attractive designs can be created using reveals which Brand X Metals can provide as a one-piece grid.
