

HORIZONTAL DRIP Z MOLD

ID	DIM A	DIM B	DIM C
CPPDZ	3/8"	3/8"	3/4"

DESCRIPTION

The 5/16" Cement Panel Drip Z Trim is designed to be used on horizontal joints to hold lower panels in place with a 3/8" return flange. It has a slight slope that allows moisture to drain away from the panels. This product has a dual purpose drip edge for both a base & soffit condition. Brand X Metals' Cement Panel Profiles are compatible with all major brands of cement panel siding.
